BRITISH ARE BUSY FIXING FOR WAR

CRISIS BETWEEN ENGLAND AND GERMANY ACUTE.

Belief in London That the German Emperor's Attitude Was Deliberate—Warships Gathering at British Ports—Activity at the Dockyards—Situation Becomes Grave.

London, Jan. 9.—The gravity of the political crisis here is increasing instead of diminishing. The attitude of Emperor William toward Great Britain in the matter of Dr. Jameson's free-booting expedition into the Transvaal upon closer study seems to have been deliberate and long and carefully planned.

The Transvaal incident, it would appear, was only the pretext seized upon by the emperor in order to enter the field as an active opponent of Great Britain's policy of aggrandizement in Africa, and her little misunderstanding with King Prempeh of Ashanti, together with her support of Italy's warfare against Abyssinia are believed to have been the irritating features which finally induced his majesty to show his hand. Of course this is only a sample of the rumors in circulation here but it shows the drift of the wind and has served to incense the British to a degree not witnessed since war with Russia was threatened some years ago.

To make matters worse it is now reported that the Transvaal republic will demand an indemnity of \$2,500,000 from Great Britain as one of the results of Dr. Jameson's invasion of the little Dutch republic. If this turns out to be the case no doubt can be entertained that Emperor William in his recent interviews with Dr. W. J. Leyds, the secretary of state of the Transvaal, prompted this demand and may also have announced his intention of supporting it.

Under these circumstances and in view of the war preparations by land and sea now being vigorously pushed by Great Britain, it is not astonishing that there was an ominous drop in consols which, as much as anything, is a clear indication that the gravity of the political situation is not newspaper exaggeration.

Dispatches from Berlin announce that Emperor William had an important conference this morning with Dr. Kayser, chief of the German colonial office, and that further dispatches have been exchanged between Berlin and Pretoria.

Great Britain is evidently determined not to be caught unprepared for war. The report that orders have been sent to Portsmouth, Devonport and Chatham for the immediate commissioning of a flying squadron of warships is confirmed and has caused a profound impression in all circles. The flying squadron is ordered to be ready for sea by Jan. 14. Tuesday next. It will consist of two first-class battle-ships, two first-class cruisers and two second-class cruisers.

In addition, Admiral Sir Frederick George Denham Bedford, in command of the Cape of Good Hope and West Africa station, has been ordered to proceed to Delagoa bay, on board the flagship St. George, a first-class steel cruiser, 7,700 tons, two 22-ton guns, ten 6-inch quick-firing guns, twenty-four smaller quick-firing guns, speed 19 7-10 knots and he is now on his way there, accompanied with another cruiser, with all possible speed.

The German emperor, it appears, had planned to land a force of Germans at Delagoa bay, in order to assist the Boers against the British, and only desisted from so doing when he learned of Dr. Jameson's defeat and capture. This, it is claimed, is proof that his message to President Krueger, congratulating him upon his victory over the British and his majesty's reported announcement to Dr. W. J. Leyds, the secretary of state of the Transvaal, that Germany refused to recognize any suzerainty over the Transvaal were well weighed moves and the result of a pre-arranged policy.

Admiral Bedford has also been instructed to report immediately to the admiralty what additional steps are necessary to re-enforce his squadron and they will be sent to him as promptly as possible.

Besides preparations the greatest activity is displayed at all the dockyards, making ready for a call for the commissioning of more ships as soon as needed and the naval reserve lists are being prepared in readiness for an emergency.

The military authorities no longer attempt to conceal the fact that they are actively preparing for the possibility of war. All the regiments of the British army (army reserve, volunteers, militia, etc.), have been ordered to make immediate returns of their strength for mobilization; but, as yet, no further steps in this direction have been deemed necessary. Among the volunteers and militia there is a strong feeling in favor of enrollment for active service, and on all sides the greatest enthusiasm is displayed. There seems to be a feeling here that Great Britain has stood about all she can stand in the way of studied opposition upon the part of Germany, even if the latter is backed by France and Russia, which is not considered to be by any means certain.

The commanding officers of the different regiments of volunteers have been overwhelmed with letters from the men under their command expressing the desire to be enrolled for active service.

At the war office it was stated that

the troops returning from India or bound for that part of the British empire had been ordered to call at Cape Town before the crisis occurred, and all that is necessary is to instruct their commanding officers to land drafts at the cape. It was further stated that detachments of troops are now on their way to Cape Town to relieve the troops there and that the latter will be instructed to remain at the cape for the present, so that double forces will shortly be available at Cape Colony, besides the Indian troops en passage which can be landed there shortly.

The idea that a combination of powers has been formed against Great Britain seems to be gaining ground, and a dispatch to the Soleil de Paris says that a movement is really on foot to establish an anti-British alliance.

From Cape Town the news is much more satisfactory than for some time past and sets at rest the sensational stories cabled to the United States on the subject.

Delagoa Bay, to which British and German war ships are being dispatched, is pronounced the finest harbor in South Africa, and the European powers which have interests in Africa have long kept jealous watch of each other's movements in relation to it.

There is every indication that France means to disappoint Emperor William if he hopes for an alliance. The tone of the French press is already divided and leaning toward Great Britain. The tone of the English press is marked by friendly feeling to France, and the news of the last two days points to the certainty of a British alliance with Italy.

Demand Cecil Rhodes' Banishment.

London, Jan. 9.—A dispatch received from Cape Town, says it is reported at Pretoria that the Transvaal government demands the banishment of Cecil Rhodes, ex-premier of Cape Colony, and Dr. Jameson from Africa, and that an enormous fine is also demanded from British Chartered company.

An editorial in the Times admits that the Chartered South Africa company ought to indemnify the Transvaal for Dr. Jameson's raid, but says there is not a shadow of pretext for the demand for the Hon. Cecil Rhodes' expulsion.

Was Emperor William's Own Act.

London, Jan. 9.—The Chronicle learns upon authority that the German council did not fully approve of President Krueger, but the emperor insisted upon having his own way and handed the message himself to the telegraph bureau, ordering that a copy of it be imparted to the semi-official journals.

Anti-German Riot in London.

London, Jan. 9.—A meeting of German and Dutch socialists, held in Hyde Park to congratulate President Krueger, was attacked by a crowd of Londoners. The platform was demolished and a free fight ensued, in the midst of which the foreigners fled.

Say It Was a British Plot.

Pretoria, Transvaal, Jan. 9.—The authorities here are said to hold documentary evidence showing that the whole affair of the Jameson raid and the uprising in Johannesburg has been a plot to annex the Transvaal to British South Africa.

Portugal Is with Great Britain.

Berlin, Jan. 9.—An ambassador of one of the great powers says that Portugal is completely under the influence of Great Britain and will refuse passage through her territory to German troops.

INDIANA STATE COMMITTEE.

Democrats Meet at Indianapolis and Name Their Favorites.

Indianapolis, Ind., Jan. 9.—Representatives of the democrats of Indiana met by congressional districts Wednesday and elected the following state committee: First district, John W. Spencer, Evansville; Second, Parks M. Martin, Spencer; Third, R. H. Willett, Leavenworth; Fourth, J. H. Matlock, Seymour; Fifth, Frank A. Horner, Brazil; Sixth, K. M. Hord, Shelbyville; Seventh, Thomas Taggart, Indianapolis; Eighth, John J. Netterville, Anderson; Ninth, W. H. Johnson, Crawfordsville; Tenth, William M. Blackstock, Lafayette; Eleventh, Rufus Magee, Logansport; Twelfth, Thomas R. Marshal, Columbia City; Thirteenth, Peter J. Kruyer, Plymouth. Nearly every district adopted a resolution indorsing the candidacy of Gov. Matthews for the presidency.

Will Regulate Production.

Pittsburgh, Pa., Jan. 9.—The wire nail and cut nail manufacturers, who have been holding meetings here for the past two days, have decided to regulate the production so that the supply will not exceed the demand. This will secure better prices to the jobbers. One of the manufacturers stated that the consolidation of the two organizations may take place later.

Cannot Lecture in Little Rock.

Little Rock, Ark., Jan. 9.—The municipal authorities of Little Rock have refused Col. Robert G. Ingersoll permission to lecture in this city on Sunday evening. Ingersoll desired to deliver a non-religious lecture on Shakespeare on Sunday, February 2.

Gov. Hastings Not Seriously Ill.

Hot Springs, Ark., Jan. 9.—Governor Hastings of Pennsylvania has been reported very sick on several occasions since he has been here, but while he is slightly indisposed his condition is by no means alarming.

Allow the Full Amount.

Washington, Jan. 9.—The sub-committee of the house appropriations committee having charge of the pension bill has decided to allow the amount asked for by Commissioner Lochren, \$140,000.

DOUBLE JOB DONE BY JUDGE LYNCH

TWO TENNESSEE NEGROES EXECUTED.

Mob Overpowers the Officers and Shoots Down Assailants of Women—Lynching Threatened at Madison, Ind.—Jail Guarded For Fear of an Attack—Other Crimes.

Jackson, Tenn., Jan. 9.—Harrison Fuller and Frank Simpson, two negroes who outraged Mrs. Pomeroy and her daughter some months ago near Homer, Henderson county, were taken from the sheriff at Lexington yesterday by a mob, which took the prisoners a short distance from the city and fired fifty shots into their bodies.

The negroes were first lodged in the Henderson county jail and several attempts were made to take them out. They were subsequently taken to Nashville for safe-keeping. The authorities, thinking the matter had quieted down, concluded to take the prisoners back to Lexington. When they arrived at the depot they were met by a mob of 1,000 determined men, who overpowered the officers and took the negroes. The negroes were guilty of committing an outrage upon a white woman before the assault upon Mrs. Pomeroy and daughter. Mrs. Pomeroy had previously identified the men.

Indiana Murderer in Danger.

Madison, Ind., Jan. 9.—Ed Taylor, who killed Officer Knox of Vevay two weeks ago, was brought to the Madison jail at midnight last night for safe-keeping. Shortly before that time a mob moved on Vevay jail to string him up. Sheriff Banta received a warning and before the mob arrived the officers with Taylor were on their way here. The Madison jail is being prepared against an attack, for it is said an effort will be made to get at Taylor.

Kentucky Thieves Shoot and Rob.

Owenton, Ky., Jan. 9.—"Uncle" Bose Mason, a well-known farmer, living near Hammond's mill, was robbed of \$4,815 Monday night by three men. They terrorized the family by shooting into the house and carried off a table that contained the money. The remains of the table were found half a mile from the house the next morning. Of the amount taken \$1,400 was in gold.

DEFEATED THE CUBANS.

Spanish Troops Win the Fight Near Guanajay—Havana Is Quiet.

Havana, Jan. 9.—An important conflict seems to be impending. The overpowering Spanish column everywhere in the vicinity of the small bands of insurgents that have been harrying the country north of the railways have been called in. Gomez is evidently consolidating his forces. Havana is perfectly quiet. The volunteers have not been called out, although a general order issued gives full details of what is to be done in case of necessity.

Details from official sources of the fight near Guanajay, in Pinar del Rio, say the rebels were defeated by General Navarro. The insurgents had twenty-three killed and forty-three wounded left on the field. The insurgents are said to have carried away many more of their wounded, and they left seventeen Remington rifles behind them. General Navarro pursued the insurgents and overtook their rear guard at Ceiba de Agua and in the skirmish which followed four insurgents were killed and three were taken prisoners. On the government side, it is announced, only four officers and thirty soldiers were wounded in both engagements. Three of the soldiers sustained serious wounds.

Canada's Premier May Resign.

Ottawa, Ont., Jan. 9.—Late yesterday afternoon Premier Sir Mackenzie Bowell had a conference of over an hour's duration with Lord Aberdeen, which caused the circulation of reports that Sir Mackenzie had determined to resign and that it was for the purpose of communicating this decision to the Governor General that he had sought the conference. The Premier will make no statement as to the course he will pursue in the present crisis.

Will Regulate Production.

Pittsburgh, Pa., Jan. 9.—The wire nail and cut nail manufacturers, who have been holding meetings here for the past two days, have decided to regulate the production so that the supply will not exceed the demand. This will secure better prices to the jobbers. One of the manufacturers stated that the consolidation of the two organizations may take place later.

Victory for Premier Greenway.

St. Paul, Minn., Jan. 9.—A Winnipeg special to the Pioneer Press says: "Premier Greenway fought the first round in the schools fight yesterday and was a winner by a score of 9 to 0. It was nomination day in Manitoba for the general election, and eight of Premier Greenway's supporters were elected by acclamation on the national schools platform."

Nevada's Governor Seriously Ill.

San Francisco, Cal., Jan. 9.—Governor John E. Jones of Nevada is dangerously ill in this city, whether he came for medical treatment two months ago. A recent relapse has left him in a critical condition, and his recovery is uncertain. He is suffering from a complication of stomach troubles.

UNCLE SAM'S NAVY NEEDS MORE MEN

AUTHORITIES ASKED FOR ADDITIONAL CREWS.

Secretary Herbert Makes a Strong Showing in Support of the Bill—Proceedings in House and Senate—Anti-Silverites Muster Their Forces—Washington Gossip.

Washington, Jan. 9.—Senator Hale on Wednesday reported from the committee on naval affairs an original bill authorizing the enlistment of additional men. The bill authorizes the enlistment of 1,000 additional men, and also extends to the president discretion to increase the enlistment from the naval reserve indefinitely in case of exigency. Secretary Herbert says that the number of men authorized by existing law is barely sufficient to equip the vessels which are at any one time in commission. He also says that the second provision of the bill is intended to make a reasonable provision for emergencies which may at any moment occur and which might arise when congress was not in session.

IN THE SENATE.

Two Amendments Offered to the Free-Coinage Substitute for Bond Bill.

Washington, Jan. 9.—Mr. Wolcott of Colorado, who has been absent in Europe for some months, was present in the senate Wednesday and took the prescribed oath. Mr. Hale, from the committee on naval affairs, reported back favorably a bill authorizing the secretary of the navy to increase the number of enlisted men in the navy. He directed attention to the importance of the bill, and gave notice that he would call it up at an early day.

Mr. Butler (Pop., N. C.) offered two amendments to the free coinage substitute for the house bond bill. The first prohibits the sale of interest-bearing bonds without the express consent of congress, and the second makes it mandatory on the secretary of the treasury to redeem greenbacks and treasury notes in silver so long as the market price of 41 1/2 grains of silver is lower than that of 29 1/2 grains of gold.

At the conclusion of the morning hour, Mr. Sherman (Rep., Ohio) moved that the senate adjourn. He explained that an early adjournment would facilitate the work of the senate. It was understood that the Republicans desired to hold a caucus.

Mr. Stewart (Pop., Neb.) requested Mr. Sherman to withdraw his motion in order to give him an opportunity to make some remarks on the financial question, but the Ohio senator refused to yield. Accordingly, at 12:50 o'clock, the senate adjourned until to-day.

TO BUILD TORPEDO BOATS.

Secretary Herbert Makes Some Important Recommendations.

Washington, Jan. 9.—The secretary of the navy Wednesday sent to the senate a reply to the resolution asking for his opinion as to whether it would be advantageous to the naval service to contract for six battleships instead of the two authorized, on the basis of the bids now before the department.

The secretary says the two ships authorized have already been contracted for, and that the department does not deem it advisable to recommend that any bids already received and not accepted should be further considered. He is of the opinion, on the contrary, that the building of other ships should be open to competition. The secretary also renews his recommendation that the building of at least twelve new torpedo boats be authorized and recommends that if this action be taken the number which any one contractor may build be not made too small, for the reason that if they are awarded in large lots they can be built at cheaper prices.

MUSTERING THEIR FORCES.

Anti-Silverites Hope to Defeat Free-Coinage Amendment.

Washington, Jan. 9.—The anti-silver Democrats of the Senate held a conference Wednesday while the Republican Senators were in caucus. The object of the conference was to count how many men could be mustered against the free coinage amendment of the Senate finance committee to the bond bill. It was found that there are fourteen sure votes on the Democratic side against the silver proposition, and the Democrats were assured that there are twenty-six Republicans who could be counted against the Jones amendment. This would make forty in all. Four more votes would be necessary to a majority of the Senate. Both Democratic and Republican anti-silver men are now making an effort to see if these four votes can be obtained. The Democrats counted against the bill are: Brice, Caffery, Faulkner, Gibson, Gorman, Gray, Hill, Lindsay, Mills, Mitchell, Murphy, Palmer, Smith and Vilas.

TO ANNEX HAWAII

Resolution to That Effect Introduced in the House Wednesday.

Washington, Jan. 9.—The subject of the annexation of the Hawaiian Islands was broached in the house yesterday by Mr. Spalding (Rep., Mich.) in the form of a resolution. The resolution provided that the Sandwich Islands be erected into a new state to be called the State of Hawaii, with a republican form of government, to be adopted by the people through deputies in convention, with the consent of the existing government. Conditions were imposed that the questions of boundary or complications with other governments be transmitted to the President to be laid before congress for its final action before Jan. 1, 1898; that all property pertaining to the public defense be ceded to the United States, but the state retain all other property and the United States to be liable for none of its debts. The resolution proposes as an alternative that Hawaii may be admitted as a state by treaties between the two governments, with one representative in congress, and proposes an appropriation of \$100,000 for making the treaties. The resolution was read by unanimous consent and referred to the committee on foreign affairs.

Upon his request Mr. Harrison (Dem.), of Alabama, was relieved from service on election committee No. 2 because his seat is contested and Mr. Bayley (Dem.), of Texas, was appointed in his stead.

Mr. Henderson (Rep.), of Iowa, stated that the committee on rules would not be able to report until to-morrow, and at 12:45 house adjourned.

CALL EXTRA SESSION

Governor Upham Has Made up His Mind

Madison, Wis., Jan. 9.—It is announced officially that Governor Upham will on Friday or Saturday issue a call for an extra session of the Legislature to consider a reapportionment of the state, the date for convening being probably Tuesday, February 18. No other matter will be mentioned in this call.

NEEDS OF THE CITY
WERE DISCUSSEDTHE MEETING IN THE WEEK
OF THOUGHT COURSE.

Rev. C. F. Elliott Spoke of What Janesville Could Expect of a Church Like All Souls—William Smith and G. L. Carrington Advance Ideas—Events of Last Night.

"What Has a City Like Janesville a Right to Expect of a Church Like This?"—Rev. Charles F. Elliott, Hinckley, Ill.

"What Does Janesville Need Most?"—Janesville Business Men.

These were the topics of the Week of Thought lecture and discussion at All Souls church last night. Rev. C. F. Elliott was the first speaker.

"What kind of a city is this?" he asked in opening, and then proceeded to answer the question himself. Statistics showed, he continued, that this part of Wisconsin was unusually blessed with natural resources; that the average wealth of the farmer was \$10,000; and that Janesville was far enough from the great city of Chicago to be free from its pollution and yet near enough to feel the educational influence of its great thinkers and workers.

"What kind of a church is this?" was his next question. It did not appear to have as much as some churches, he said. There were others more handsome. It had an earnest minister whose zeal for the church would speak much for him in time to come. It is said that it had had one of the best singers in the state, but others also have these things.

What Other Churches Had.

Other churches have only one Bible and truly it is a great thing to have one book to lead one to better living, he insisted. This church has many bibles. All history, all art and science unite in the manifold bible. Other churches have only one Christ. This church has many Christ's. The world is full of earnest, self-sacrificing lives and every man and woman who comes with a helping hand is a savior. Other churches have only one set of myths and legends. This church has all the creeds of all religions. This is the wealthiest and greatest church in the city.

There is a class of people in every community who believe that the liberal church is a negative church; that its people know nothing of the bible, of the saving power of Jesus Christ or of the great influence of Christianity. It is just because we do know of these things and beyond these things of the union that blends this with all religions that we are what we are. Christianity is only a transitory place of advancement. There will come a higher, more exalted one, embracing all that is best in all forms of religion.

New Monthly Pamphlet.

When Rev. Mr. Elliott finished, Rev. Mr. Southworth called the attention of the people to the kindergarten work and also to a new enterprise which is in project—the editing of a monthly pamphlet called "Character" by Rev. Southworth. Each number will contain a complete lecture on some theme connected with the doctrine of the liberal church, and it is especially designed to reach in this manner those who will not attend the church. This is with the intention of removing prejudice and making the church thoroughly understood by every one. The members of All Souls congregation have been asked to subscribe for as many copies as possible, and to designate the people to whom they wish those copies sent. The price is fifty cents, and 360 subscriptions, of which 150 have been obtained, are necessary to make the project a successful one.

WHAT JANESEVILLE NEEDS MOST

William Smith and George L. Carrington Give Their Ideas

Attorney William Smith and George L. Carrington were the only speakers on the subject of "What Janesville Needs Most." This Rev. Mr. Southworth explained by saying that a number of prominent citizens had been invited and four had finally promised that they would be present and speak on what thought should present itself to them. Not one of the four was present and Rev. Southworth thought that the city would be better to be rid of the men who are so blinded by prejudice and who fail to fulfill their promises. Two men would speak who would be heard as gladly as any others, but it had been the desire to secure men who were not closely interested in the liberal movement. He then introduced Mr. Smith who spoke briefly.

What Mr. Smith Thought.

Mr. Smith's suggestions were along the line of education, for, as he says

the battle of today is a battle of intellect. Older men had not had the advantage of the younger ones. He favored the support of a permanent, continuous, persistent course of University Extension lectures, the extent of public library, which if properly conducted and patronized is a greater educator than the high school and finally the union of all churches on those points on which they agree, so as to make Janesville will be the attractive and powerful city which she should be.

Mr. Carrington's Idea.

Mr. Carrington summed up the city's needs in one word—unity. There was too much selfishness among the people, and not enough brotherly love. Every worthy citizen should have the support of every fellow citizen. There was no other reason that Janesville has not 25,000 people than because she had about 5,000 selfish people that she would be better rid of. The time would come, after there have been a number of first class funerals, when Janesville would be the city that she ought to be, he said.

Rabbi S. Hecht, of Milwaukee, will speak tonight on "Let There Be Light," and the church should be packed.

Mrs. J. B. Day will give a dramatic reading in the course of the meeting tonight.

OTHER EVENTS OF LAST NIGHT.

Reception at the Congregational Church Parsonage.—A Birthday Surprise.

It was a charming reception that Mrs. Wilder gave at the new parsonage of the Congregational church from 3 to 7 o'clock yesterday afternoon. The affair was in honor of Mrs. Laura Kendall, and the invitations were limited to those who had passed their seventieth birthdays. Eleven of these ladies responded, others being unable to attend. Supper was served at 5:30 o'clock, and those who sat about the festal board were:

Mesdames—Thomas Sayles, Laura Kendall, M. C. Spaulding, Catherine Alden, Blinn, D. D. Wilson, Martha L. Cheney, Eliza Gowday, Aurelia Van Velen, Jane Cleland, S. J. Cuckow.

Whist Club is Entertained

The Evening Whist club met last evening with Mr. and Mrs. J. P. Baker at their North High street home. At 6:30 supper was served, the tables being presided over by Miss Elizabeth Palmer and Miss Jennie Baker. The lady's prize fell to Mrs. F. E. Fifield while H. G. Carter was awarded the gentleman's favor.

Phineas Pease Surprised.

A number of friends of Phineas Pease, son of Presiding Elder and Mrs. Frank A. Pease, surprised him on Tuesday evening in honor of his fifteenth birthday, and the occasion was one of keen enjoyment for all who were present.

The Newest Devil's Auction.

Like the proverbial brook, seems destined to "run on forever," for each succeeding year it blossoms forth in new array, filled to repletion with all that is bright, new and beautiful, with all the old matter eliminated and replaced with new ideas so new and timely that the statement is made that "everything is new but the title" and this statement seems to be fully and amply substantiated. According to the promise of the management, this year's production will be no exception to the rule, as the entire summer has been occupied in preparing a production that will exceed by far any former presentation of this famous spectacle, and such changes have been made in dialogue, music, scenery, costumes, specialties and spectacular features as will render it an entirely new piece, from the rise to the fall of the curtain, almost nothing remains to remind its audience of the past, save the name itself. MILK SOLD AHEAD
BAD FOR FARMERSTHEY ARE LIKELY TO LOSE ON
THE DEAL.

Factory Man Cannot Afford to Make
A Price That Will Endanger His
Profits and Has to Figure on the
Possibility of a Decline—Some Nut
to Crack.

Does a farmer know six months ahead how much rain there will be? Does he know how much milk his cows will give six months ahead? Does he know the price of butter six months ahead?

Does he know milk is going to be cheap or dear six months ahead? Does he know he will do better to sell his milk six months ahead? If not why does he want to compel others to buy his product six months ahead? Why does he want to compel others to speculate on his milk six months ahead? Why doesn't he find buyers for his hogs, horses, cattle, sheep and grain six months ahead?

Why does he keep at a line of farming that does not pay him six months ahead?

Why does he want others to do things he would not do himself, six months ahead?

Why does he want to sell his lean milk for the same price of his neighbor's rich milk? Why is he opposed to a system that deals honestly and fairly with all?

Why does he favor a system that robs his neighbor of his just dues?

Why does he insist on a practice so many fail at?

Why does a new dairy district innately adopt a system that older dairy districts have abandoned?

Why do some farmers object to taking and reading a dairy paper that will teach him all these things?

Why do some farmers object to spending a dollar for dairy knowledge that would save them a hundred dollars, lost through ignorance?

Why do some farmers prosper so much better than others?

Why do some farmers keep cows that will not pay their keeping and blame creamery men because their income is small?

Why do some farmers keep good cows so poorly, the cow cannot pay her keeping?

Why don't some farmers believe the truth when it is given them straight?

Why don't some farmers patronize institutions near home where they can do better than they can abroad. Why should a farmer want to sell his product six months ahead unless he thought he was going to get more than the article was worth?

Why should any one want to buy a product six months ahead if he did not think he was going to get it for less than it was worth? Experience has proven that when the farmer has sold his milk one season for more than it was worth, and did not bankrupt the party he sold to, he is generally willing to sell it one or two seasons for less than it is worth, and then gives up in despair and is content with having it made up and sold for what it is worth and receive his just dues.

It is strange but true that few of the patrons of American cheese factories and creameries located along the border of the Swiss, Limburger and brick cheese districts comprehend the necessity of a different system of disposing of milk or its product. The state of Wisconsin has in the neighborhood of 1,800 American cheese and butter factories. It is estimated by good authority that about 98 per cent of them either pool their milk or have it made up on the test system, and receive their pay each month according to what the product brought in the general markets of the country. It is not so much the Swiss and Limburger cheese which has to be held for months before it can be put on the market, which necessitates the manufacturer's having capital sufficient to pay his patrons off each month; the manufacturer taking his chances on the markets of the next winter and spring, which in reality makes a speculation of him. It thus stands him in hand to buy as cheap as possible, and more so nowadays than in past years. Where a dry season and a short milk crop makes better prices, the manufacturer has made, and the milk producer that was so anxious to sell six months ago, has lost.

DEATH ENDS EARTHLY WOES

Orrin Gardner.

Orrin Gardner, son of Mr. and Mrs. Stephen A. Gardner, of the town of Center died at the home of his parents yesterday afternoon after a comparatively brief illness caused by a tumor. Mr. Gardner was but seventeen years of age and his untimely demise is a sad blow to the afflicted parents. The funeral will be held from the house on the Madison road, eight miles west of the city. Saturday morning at 10 o'clock. The interment will be at Oak Hill.

Daniel Naugle.

Daniel Naugle for forty seven years a resident of Rock county died at his home in the town of Newark Monday. He lived on the old homestead with his wife and daughter, Miss Louise. He also leaves four sons, Ziba, Charles, William and John of Newark and Mrs. Wm. McCullough of Harrison, Ill. The funeral took place yesterday.

Smithton News Notes.

Smithton, Jan. 9.—The holiday vacation is at an end and our young people have resumed their school work, Brayton Smith and Bert Dykeman at Beloit and Pearl Smith at Clinton. James Chamberlain is on the sick list. Mr. and Mrs. Wm. Dykeman was surprised by a few of their friends and neighbors Monday night. A pleasant evening was spent in social converse, music and games and it was near midnight when the company dispersed, professing themselves well pleased with the evening's entertainment. The recent cold snap seems to remind the farmers of this vicinity that it behoves them to secure a good supply of wood. Land owners all appear to feel satisfied that the taxes are unusually high. Mrs. Louis Smith is quite feeble. James Hampton of Fairfield is acting as mail carrier for a time as Mr. Rollins is a sufferer from rheumatism.

Truth.

I have been trying to get the boys to tell it for the last ten years. You know, at least you should, when other people make statements that lead one to think, I will not say, you can guess. Drop in and examine our shoes and if our prices are not below those given you by others, then we will permit you to say the old man is inclined to drop into the rut others are in. A Badger

We have a Badger range in excellent condition that is for sale very cheap. We also have a Majestic range that cost \$45. It was set up and used three weeks. We want to sell it for \$20. It's in fine order. A splendid heating stove with oven for \$8. Lowell Hardware Co.

Found

After looking over our stock of fine boots and shoes we find it contains several pair of small sizes in ladies fine shoes that we will sell at 98 cents a pair also one odd shoe that will be given away to the man that will fit. Yours B. B. & L. by the old man.

A Hard Job

I am inclined to think it would be as hard as for a minister of the gospel of today to write locals for a shoe house as it would be for a camel to go through a needle's eye yet he could write ours and feel as though he was serving his God and assisting his fellow man. It's a grand thought. Brown Bros. & Lincoln.

THIS DAY IN HISTORY.

1848—Caroline Lucretia Herschel, astronomer, died; born 1751.

1873—Napoleon III, ex-emperor of France, died in exile at Chislehurst, England. Louis Napoleon was four times exiled from France. When the prince was 7 years of age, his mother, Hortense de Beauharnais, retired with him into Switzerland under the ban of exile, Napoleon having lost Waterloo and the throne. In 1836 Louis made the first of a series of attempts to gain the throne then held by the Bourbons. The blow was struck at Strasburg. The principals were arrested and the claimant exiled to the United States. In 1840 he made a still more formidable attempt at Boulogne, where he was arrested and sentenced to perpetual imprisonment. He escaped from the fortress of Ham in 1846 and retired to England. The revolution of 1848 gave Napoleon his great opportunity. After governing France for 18 years, first as president and then as Emperor Napoleon III, he was dethroned by the disaster at the battle of Sedan and passed his remaining days in England.

1890—Hon. William Darragh Kelley, Pennsylvania congressman, affectionately known as the "father of the house," died at Washington.

1893—Archibald Gordon, journalist, critic and dramatist, died at Port Richmond, N. Y.

SOME DISTURBING FIGURES.

Secretary Carlisle's comparison of the McKinley and the Wilson tariffs was not a fortunate one.

Figures are against him.

The decrease in our exports of American products and manufactures during the first fifteen months of the Wilson tariff, as compared with the first fifteen months of McKinley tariff, was \$220,359,320.

The decrease in our imports under the Wilson tariff comparing the same periods, was \$63,138,975.

The excess of exports over imports in the McKinley period was \$213,972,968, but only \$56,758,623 under the Wilson period, a loss, under the latter, of \$187,214,345.

Under the Wilson tariff we exported 20,010,210 more gold and imported \$19,759,055 less gold than during the McKinley period.

The net loss in the trade balance of the United States has been \$196,983,607 during the first fifteen months' operation of the Wilson tariff as compared with the first fifteen months of the McKinley tariff. This loss is at the rate of \$13,130,000 a month, or \$500,000 for every business day in the month.

How long can the country stand this?

How long will it be before Congress affords protection to American interests?

THESE BETTER TIMES.

A republican congress is doing its best to bring better times, but as long as a democratic president stands in the way, little can be done. A few more people are at work than were working a year ago, but they have not been put beyond the memory of the hard times through which they have passed. The two years of want, of suffering and of destitution brought on through democratic mismanagement have left too active reminders of still unpaid butchers' and grocers' bills, to be effaced from memory too quickly. There are many men who have succeeded in again getting employment, who will have to put aside their weekly surplus for a long time and devote it to the payment of debts contracted during the season of democratic hard times. It will be a long time before such men go to the polls and vote another democratic ticket.

In the way of explanation the Ashland Press remarks: "Senator Spooner favors a reapportionment. Of course he does, and so does every other republican in the state, who does not reside in districts where the representation in proportion is twice what it should be—as at Wausau, for instance."

Democrats are not saying much about taxes since the methods of the Peck administration in juggling with figures to make a big balance have been exposed. The deficits left by democrats a year ago are responsible for most of the tax this year.

Now that Utah is a state some ambitious congressman wants to admit the state of Hawaii. He can't hope to get the president's sanction unless woman's suffrage is included in the constitution so that Queen Lili can be elected governor.

English farmers have learned—just as American farmers have—that the only policy for them is protection.

Will the state central committee please everybody? That is one of the things people expect of it.

WILLIAM SPOHN IS IN JAIL
Got Two Day Sentence For Being Drunk and Disorderly

William Spohn, the gentleman who "threw" a half brick at Saloonist James Ryan's head last night nearly severed the publican's ear, was sentenced to two days in jail this morning, the charge being drunk and disorderly. Spohn was arrested by Chief Acheson, and at the jail the chief found that his prisoner had a billiard ball in the same pocket in which he had carried the brick with which he struck Ryan, but the ball did not belong on Ryan's table, so Spohn must have gotten it somewhere else.

Dr. Fox dressed Ryan's injury, which is not dangerous. Whether or Ryan will prosecute Spohn, remains to be seen, but drunk and disorderly was the only charge the chief could make.

BIG LOT OF STOCK GOES TO CHICAGO

CHARLTON & DAWSON MAKE A LARGE SHIPMENT.

High Grade Animals Will Be Sent Out Tonight—Nineteen Cars of Tea Comprise a Special Train That Went Through Today—To Fix a Depot.

George D. Charlton and Michael Dawson, the well known stock buyers, were about the two busiest men in town today. Their activity was due to the fact that this evening one of the largest and most valuable live stock shipments that ever left Janesville in one lot will leave via the Northwestern road for the Chicago market. The shipment consists of over two hundred hogs and sheep and eighty-five head of as fine cattle as were raised in Rock county. The entire lot has been bought of farmers in Rock county.

A heavy train, consisting of nineteen heavily loaded cars filled with tea, pulled into the Chicago & Northwestern yards this morning. The shipment was valued at thousands of dollars, and came direct from Tacoma via the Northern Pacific railroad. The cars were all securely sealed and locked. The tea, which has only been in this country a few days, was on its way to the eastern market. The train pulled out at 8:45, in charge of Conductor Simmons, of Chicago.

The St. Paul railroad company are figuring on some interior improvement at the passenger depot. E. Coogan is a member of the Milwaukee plumbing firm of Coogan & Egan, was in the city estimating the cost of his part of the work. City water will be put in new toilet rooms will be added. The work will commence at once.

When the St. Paul Brodhead passenger pulled into the city it was noticed that passengers on passing the express car held their breath. The United States Express Company had in charge 2,000 skunk skins consigned to St. Paul.

A SOLUTION FROM KENOSHA Gazette's Problem Is Read Far and Wide—Other Answers.

EDITOR JANESEVILLE GAZETTE, JANESEVILLE, WIS. DEAR SIR:—I notice an article from your paper, and referring to the following problem:

"A man has a mortgage for \$4,000; to run nine years, and bearing five per cent interest, payable annually, which he wants to sell. What should be paid for it, in order that the buyer may realize six per cent annually on his investment?"

The answer to which is \$3,727.93.

I can forward you a complete solution of the problem containing my reasons for same, if you so desire. Yours respectfully, ROBERT M. HOLDERNESS, The Bain Wagon Co.

Kenosha, Wis., Jan. 8, 1896.

Here's Another

EDITOR GAZETTE—Principal sum \$4,000 at 5 per cent payable annually, amounts in 9 years to \$5,800. In order to find what sum the buyer pays for the mortgage find what sum at 6 per cent per annum equals \$5,800.

\$3,766.23 at 6 per cent per annum for 9 years amounts to \$5,799.99 which is the correct answer, the new buyer paying \$3,766.77 and the original owner losing \$23.77 by the transaction. EIN DUDLESACK, City.

Another Evansville Answer

EDITOR GAZETTE—\$4,000 with interest added, for the 9 years would amount to \$5,800. \$1 with interest at 6 per cent would be \$1.54. \$5,800 + \$1.54 = \$3,766.23 + X.

Evansville, Jan. 8, 1896.

Says \$3,766.23 and Is Right.

EDITOR GAZETTE—The amount of \$1 in nine years with interest at 5 per cent is \$1.45.

The amount of \$4,000 in nine years with interest at 5 per cent is \$4,000 multiplied by 1.45 or \$5,800.

The amount of \$1 in nine years with interest at 6 per cent is \$1.51.

\$5,800 divided by 1.51 is \$3,766.23 29.77.

Therefore \$3,766.23 29.77 is the sum of money which a man must pay for a \$400 mortgage, to run nine years, and having interest at 5 per cent in order to make it a 6 per cent investment. AURILLA VAN GALDER.

Answer From Chicago.

EDITOR GAZETTE—I believe the following solution of your problem to be the correct one:

Four thousand dollars for one year at five per cent would be \$200.

Four thousand dollars for nine years at five per cent would be \$1,800.

Add principal to this and you get the value of the mortgage at five per cent for nine years, or \$5,800; \$1.00 at six per cent for nine years would have a value of \$5.40. Divide \$5,800 by \$5.40, you get \$3,766.23.

Proof—The interest on \$3,766.23 at six per cent for one year equals \$225.97 38-100. The interest on \$3,766.23 for nine years at six per cent equals \$2,033.71. Add principal and you get \$3,766.23; and adding them both you get \$5,800.

But here is the catch. As the man who gave the mortgage for \$4,000 at 5 per cent payable annually is only obliged to put up \$200 interest per year. The above amount should be discounted say \$20.00 for the use of the \$25.97 by the terms of the mortgage which leaves \$3,737.23.

SOUTH MAIN STREET GROCER.

C. S. GRAVES Says \$3,480.

EDITOR GAZETTE—This is my solution: \$4,000 at 5 per cent, for nine years is \$6,200; \$4,000 at 6 per cent, for nine years is \$6,720. The difference is \$520, so the cash value of \$4,000 is \$3,480.

SEVERAL copies of the Trinity Church Sentinel, printed by The Gazette Printing Co. for Rev. W. H. Wotton, have been sent to Mr. Wotton's friends in England. They unite in commending on the excellence of the paper stock used. The quality is that used for most monthly and quarterly periodicals in this country, but provokes comment as being decidedly above the grade used by English papers of a similar class.

THE diamond ear ring lost by Mrs. Frank L. Smith was found yesterday afternoon by Willie Lighizer, who left it at F. C. Cook & Co.'s store to learn its value. It was returned to its owner and the finder rewarded.

C. S. GRAVES Says \$3,480.

EDITOR GAZETTE—This is my solution: \$4,000 at 5 per cent, for nine years is \$6,200; \$4,000 at 6 per cent, for nine years is \$6,720. The difference is \$520, so the cash value of \$4,000 is \$3,480.

A BELCIT COUPLE CAME HERE TO WED**CEREMONY HAD BEEN DELAYED BY DEATH.**

Accordingly the Lovers Waited the Nuptials Simple and Quiet and the Words Were Said at the Court Street M. E. Parsonage—Cupid's Other Conquests.

Frederick Thomas Hendee and Adaline Mary Wheat, both of Beloit, were married by Rev. Dr. Halsey, at the parsonage of Court Street church, this morning, and went to Madison on a brief wedding trip immediately after the ceremony.

About one year ago, it will be remembered, Mr. Wheat, father of the bride, and proprietor of a creamery, took a dose of poison by mistake, thinking it was the medicine left by a physician, and his death was the result.

The groom was at that time employed by Mr. Wheat in the creamery. He boarded with Mr. Wheat and he and Miss Adaline had been lovers for some time. Mr. Wheat's untimely death necessitated postponing the wedding, and in order that it be as simple and quiet as possible, the couple came here this morning to have the ceremony performed. Both young people are well and favorably known in the Line City.

Kramer-Haws.

Married at the home of the bride's parents at Templeton, Wis., Herman Kramer of this city and Mae Hawes of Templeton. The bride and groom are well known here, the groom being a clerk in the employ of Hayner & Grubb. The young couple will return to this city and will be at home after January 18.

White-Brown.

Oliver C. White of this city and Frances Payne Brown of Rockford, were married at Beloit.

R. J. RICHARDSON AND THE BANKS

He Wants the Nation's Revenues Supplemented by a Tax On Securities

EDITOR GAZETTE—Surp—of course without doubt—Stanley and John G. of the National bank would prefer to have the shortage made up from an increased tax on sugar, lumber, wool and such, that we plebeians, we workmen, we hewers of wood and drawers of water, have to pay, rather than on the National banks who have been getting more than fifty per cent. annually for thirty years and more on their government bonds. And this in gold, too, that has been at a premium of 2.84 for 1.

Of course—without doubt—sure—they are willing the laboring industries of the country should be taxed to pay them the interest.

The first National bank of Janesville is but one of the 3,794 National banks in this country, who are not only willing but anxious to have the shortage collected by a tariff on the comforts and needs of the laboring people, rather than from an income tax derived from bonds on which they are now getting more than 40 per cent.

A WORD TO THE BOYS.

Some "Iron's" Which May Be Safely Followed.

Here is one that sounds very much like Robert J. Burdette, although that is only a guess: "Remember, son, that the world is older than you are by several years; that for thousands of years it has been so full of smarter and younger men than yourself, that their feet stuck out of the dormer windows but when they died, the old globe went jogging along, and not one person in ten millions went to the funeral, or even heard of their death. Be as smart as you can, of course. Know as much as you can without blowing the packing out of your cylinder heads. Shed the light of your wisdom abroad, but don't dazzle people with it. And don't imagine a thing is so, simply because you say it is so. Don't be too sorry for your father, because he knows so much less than you do. The world has great need of young men, but no greater need than the young men have of it. Your clothes fit you better than your father's fit him—they cost more money, they are more stylish; your mustache is neater, the cut of your hair is better and you are prettier, oh, far prettier than 'pa.' But stop a moment, young man, and reflect. The old gentleman gets the biggest salary and his homely, scrambling signature on the business end of a check will drain more money out of the bank in five minutes than perhaps your handsome autograph can do during the balance of your mortal life. Young men are useful and they are also ornamental, and we all like them—but they are no novelties, son, oh, no, nothing of the kind, they have been here before. Don't be so modest as to shut yourself clear out, but don't be so fresh that you will have to be put away in a cooler to keep from spoiling. Don't be afraid that your merit will not be discovered. People all over the world are looking for you, and if you are worth finding they will find you."—Philadelphia Times.

DIES IN CAPTIVITY.

A Scarlet Tanager Kept in a Cage for Several Months.

From the Chicago Tribune: Little Billy, the scarlet tanager which for several months had been a willing captive in W. F. Monroe's cigar store, in the Tribune block, died yesterday afternoon. The bird came the night of April 14 last. It was a stormy Sunday evening, and the Tanager, very wet and scarcely able to fly, sought shelter in the brightly lighted store. It was thought remarkable that so shy a bird as the scarlet tanager should have strayed into the heart of a great city, and still more remarkable that Little Billy stayed so long. For, though the doors of the store were open all summer, he never tried to regain his liberty. A large bird cage was placed in the store, and in this the tanager ate and slept. Its door was left open and Little Billy preferred to pass most of his time hopping and flying about the store. After he had been in the store several weeks he became comparatively tame, and permitted the clerks to feed him. It is said there is no record of any other scarlet tanager living in captivity so long.

The Peasant and His Son.

One day a Peasant carried a Basket of Potatoes to the Field and dug holes in the Soil and planted them. His young Son watched Operations for a Time and then Inquired:

"Pop, why do you put those 'Taters in the Ground?"

"By so doing each One will bring me back Ten," replied the Father.

The boy went away, and when his Father came up to Dinner he found him digging in the yard and asked:

"Sonny, what are you seeking for?"

"Why, Pop, I have planted the Clock the Boot-jack, two Umbrellas, the Teapot, your Sunday hat, Ma's shoes, and a Tablecloth, and each One will bring me back Ten!"

"You Young Idiot, come out and be paralyzed!" shouted the Father, and he tanned the boy up and down, and crosswise and sideways, until the supply of Peache-tree limbs gave out.

"Pop planted 'Taters to get back Ten?" mused the boy as he sat down under the Cow Shed to think, "but I planted Clocks and Hats and Shoes to get a Licking. It must be the difference in the Soil!"

Moral: And the next Fall, when the Father cut down his Corn-Stalks to save them, and the Son cut down the Currant Bushes for the same object, he got licked again!

He Felt Unmanned.

"It's more'n self-respect kin bear," said Meandering Mike. "I've got er mighty good notion ter quit de business."

An' work?"

"Dere's no tellin' what human nature'll do 'ven it's desp'rit. I feel ez if de las' stor' hed been piled on de camel's back."

"Hey ye been refused cold vittles agin?"

"Right erlong. An' de women dat rides bicycles is offerin' me deir cast-off clothes."

She Has Objections.

Mildred—So you are going to be married in a week?

Blanche—Yes.

"Will you be married with the ring ceremony?"

"No, indeed. I believe in reformed government, and I object to coming under the domination of a husband by ring rule."

Praying for the Voters.

Women made a new political move in Olympia, Wash., last week. There was an election there on Wednesday, and on that day and for a few days previous an advertisement appeared in the Olympian asking "the women of Olympia" to meet at the Presbyterian church, at 9:30 on election morning, "for earnest prayer that the voters may be guided by Almighty God in the selection of candidates for city offices."

Matilda Enham, Columbia, Pa., says: "That Bearing-Down Feeling and dizzy, faint, gasping attacks left me as soon as I began to take Lydia E. Pinkham's Vegetable Compound. I was sick with womb troubles so long I thought I never could get well."

KEELEY CURE.

To the Public:

Some so called Institutes for the cure of drunkenness environs of the record we have established, are spreading reports calculated to mislead the public. We are agents that branches of the genuine Keeley Institutes are established in various parts of the state. We are also informed that agents of some fake institutions are doing business by making misleading statements. For the protection of the people of Wisconsin we desire to announce that we have no Keeley Institutes. We are responsible only for patients treated at our Ripon, Wis., and Waukesha, Wis., Institutes. We point with pride to the fact that out of 25,000 patients so far treated by the genuine Keeley Method used by us, not one case has gone wrong. We challenge the world to bring up a patient who has taken the Keeley Cure. Our Institutes and has been killed on every injured soul, has been the case with patients of some other institutions. Our method is endorsed by the U. S. Government and eminent men all over the United States. Beware of fake Institutes. For further particulars address

WHO MINDS THE WIND

IF WARMLY ATTIRED?

But there are several kinds of warm attire. We have them

"STALEY'S WESTERN MADE"

WOOL UNDERWEAR & OVERSHIRTS

A. G. STALEY MFG. CO.

FACTORY SOUTH BEND—IND.

The first essential is well-fitting wool underwear. We have the unusual kinds that really fit. But the best of all kinds is the "Staley." They are warm, closely woven and durable, but not overheavy.

No. 219 costs \$1.00 per garment.

No. 00 costs 1.50 per garment.

No. 226, costs 2.00 per garment.

And is extra fine Australian wool.

Next comes the overcoat in which the same requirements prevails.

It must be warm and pliable, without becoming burdensome. Even our heaviest ulsters

Are As Soft As Lamb's Wool.

They are all Adler's make and are going fast now at rurious prices.

How To Save \$3.

We have four pea jackets and vests left, 34, 35 and 36. If you are one of these sizes, you can get \$10 worth for \$7. A clean saving of \$3.

Simplicity.

That's the word. It's not "marvelous," "stupendous," nor "wonderful". Its a simple cutting off of the biggest end of a price on every thread of clothing and furnishings in Zeigler's big store. There's nothing so simple and easy as price cutting, but it takes nerve, it costs money, and that's why there never has been such price cutting in Janesville as has been done at our sacrifice sales.

We Name Today Actual Cost Price on Any Overcoat or Ulster in our Men's Dept.

and unfortunately for us we have complete lines of fine kersey and melton overcoats and freize and beaver ulsters left, so can furnish most any size which is wanted. It will pay you to buy a coat now and lay it aside for next winter.

We Are Still Selling Our Pantaloons at Actual Cost.

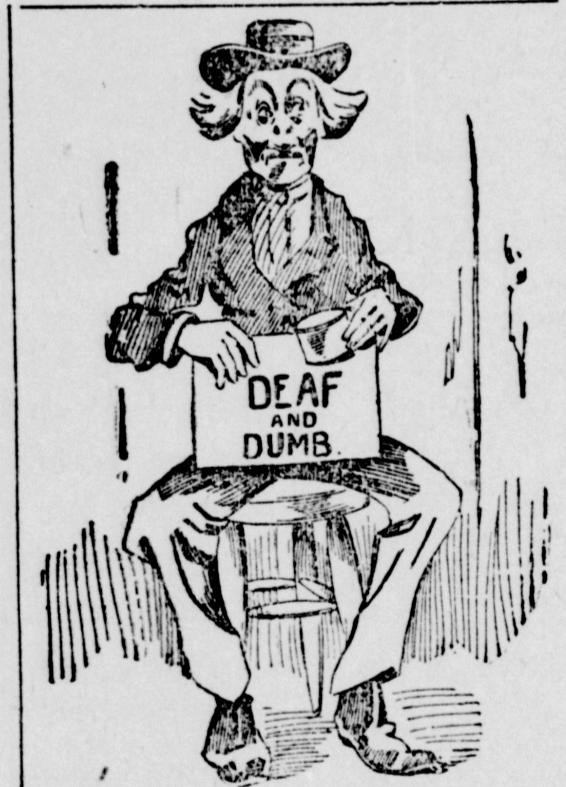

\$4.25 for \$6.00 kind. \$3.50 for 5.00 kind. \$2.75 for 4.00 kind

and a better made trouser couldn't be produced by any tailor than can be found in our stock.
